

## The PROJECT

The project will increase the capacity of regional innovation ecosystems, in less developed Central European regions to connect and interoperate in EU value chains, participate in partnerships with other regions.

The goal is to unlock the innovation potential, facilitating the subsequent participation of SMEs in calls for proposals under I3 Strand 1 and Strand 2a as well as other co-funding and development opportunities.

**Greet CE aims to create the preconditions for successful interregional cooperation and investments in shared smart specialization areas**, especially in Green Transition having a specific focus on the energy and bioeconomy sector.

## Project CONSORTIUM

Partners from 7 regions of 6 Central European countries:

**HR, HU, PL, RO, SI, SK** including 4 less developed regions.

Within the **GREEN TRANSITION** thematic area and **BIO-ECONOMY**, specific domains and niches will be addressed in pilots:

**RENEWABLE Gases**

**REGENERATIVE Farming**

**DIGITAL Sustainable Energy**

**ECO Construction**
